

# D 500 - T

## HIGH PRESSURE HOT WATER CLEANER

### GENERAL FEATURES

- Strong heavy duty metal frame
- Impact resistant plastic injection covers
- Convenient storage for gun and lance
- Large capacity diesel tank (13 ltrs) with diesel level sensor & filling filter
- Built in detergent tank (13 ltrs)
- If needed, both tanks can be used for fuel, thus doubling the operating time
- Low pressure detergent system with regulation
- Direct feed to water pump
- Easy to check water filter

### TECHNICAL FEATURES

- Professional 2 poles electric motor (2800 rpm)
- Integrated professional unloader valve
- Delayed **TOTAL STOP**

### BOILER FEATURES

- Double coil vertical boiler
- High thermal efficiency
- Burner controlled by pressure switch
- Delayed burner start
- Safety valve
- Boiler thermal protector

### CONTROL PANEL

- Remote Control Switch
- Motor Protected by amperometric control
- On-off Rotating Switch
- Temperature adjustment knob

# D 500 - T

## CONTROL PANEL

- Remote Control Switch
- Motor Protected by amperometric control
- On-off Rotating Switch
- Temperature adjustment knob
- "Machine switched on" lamp
- "Low fuel level" lamp
- "Phase control" lamp

## ACCESSORIES

- Hose Reel
- Foam Lance
- Drain Nozzle
- Sandblasting Lance
- Complete Gun and Lance with Swivel
- Adjustable Lance
- Twin Lance
- Lance with Rotating Nozzle

## TECHNICAL DATA

Model	Max flow Rate (LPH)	Max Pressure (BAR)	Voltage	Absorbed power (HP)	RPM	Weight (KG)	Dimensions (LXBXH) cm
D500-T	720	180	400 V (3-50 HZ)	7.5	2800	90	90 X 71 X 86
