

PJS-D

GENERAL FEATURES

- Strong heavy duty metal frame
- Impact resistant plastic injection covers
- Convenient storage for gun and lance
- Large capacity diesel tank (13 ltrs) with diesel level sensor & filling filter
- Built in detergent tank (13 ltrs)
- If needed, both tanks can be used for fuel, thus doubling the operating time
- Low pressure detergent system with regulation
- Direct feed to water pump
- Easy to check water filter

TECHNICAL FEATURES

- Professional 2 poles electric motor (2800 rpm)
- Integrated professional unloader valve
- Delayed **TOTAL STOP**

BOILER FEATURES

- **Double coil vertical boiler**
- **High thermal efficiency**
- **Burner controlled by pressure switch**
- **Delayed burner start**
- **Safety valve**
- **Boiler thermal protector**

CONTROL PANEL

- **Remote Control Switch**
- **Motor Protected by amperometric control**
- **On-off Rotating Switch**
- **Temperature adjustment knob**
- **"Machine switched on" lamp**
- **"Low fuel level" lamp**
- **"Phase control" lamp**

ACCESSORIES

- **Hose Reel**
- **Foam Lance**
- **Drain Nozzle**
- **Sandblasting Lance**
- **Complete Gun and Lance with Swivel**
- **Adjustable Lance**
- **Twin Lance**
- **Lance with Rotating Nozzle**

TECHNICAL DATA

Model	Max flow Rate (LPH)	Max Pressure (BAR)	Voltage	Absorbed power (HP)	RPM	Weight (KG)	Dimensions (LXBXH) cm
