

PJS-E COMPACT

GENERAL FEATURES

- Strong heavy duty metal frame
- Impact resistant plastic injection covers
- Convenient storage for gun and lance
- Large capacity diesel tank (13 ltrs) with diesel level sensor & filling filter
- Built in detergent tank (13 ltrs)
- High pressure detergent system with regulation
- Water suction from tank with floater
- If needed, both tanks can be used for fuel, thus doubling the operating time
- Easy to check water filter
- Water softner device with pump and tank

TECHNICAL FEATURES

- Professional 4 poles electric motor (1400 rpm)
- Integrated professional unloader valve
- Delayed **TOTAL STOP**

CONTROL PANEL

- Remote Control Switch
- Motor Protected by amperometric control
- On-off Rotating Switch
- Temperature adjustment knob
- "Machine switched on" lamp
- "Low fuel level" lamp
- "Phase control" lamp

BOILER FEATURES

- Double coil vertical boiler
- High thermal efficiency
- Burner controlled by pressure switch
- Delayed burner start
- Safety valve
- Boiler thermal protector

ACCESSORIES

- Hose Reel
- Foam Lance
- Drain Nozzle
- Sandblasting Lance
- Complete Gun and Lance with Swivel
- adjustable Lance
- Twin Lance
- Lance with Rotating Nozzle
